

AMRI Hospitals Bhubaneswar Awarded the Coveted NABH & cGreen OT Accreditation

Bhubaneswar, 28th June, 2016: AMRI Hospitals Bhubaneswar, the largest healthcare service provider of the region was awarded the prestigious NABH (National Accreditation Board for Hospitals & Healthcare Providers) Accreditation and 'cGreen OT Certificate' by Bureau Veritas & Abbott India Ltd. The hospital achieved this in a short span of a little over two years after opening.

Within a little more than 2 years of serving the community, AMRI Hospitals, Bhubaneswar has become a name to reckon with for providing high quality services at an affordable price. "We have met all the standards set by NABH and cGreen OT. The accreditation is a testimony to our commitment to provide the best quality of healthcare to the people of Odisha & the Patients will be the biggest beneficiaries of this NABH & cGreen OT certification. Over the last two years, AMRI has earned the reputation of being the most trusted hospital for its excellent services with humane touch at an affordable cost." said **ADM. Dr. Salil Kumar Mohanty, VP, Unit Head, AMRI Hospitals, Bhubaneswar.**

The NABH accreditation process covers all aspects of hospital management; like fire safety, disaster handling, infection control practices, equipment maintenance, customer feedback, credential checking of the staff and doctors, employee satisfaction etc which ensures that the hospital quality is achieved and maintained. The accreditation once granted is valid for 3 years but requires a reassessment anytime during this period. The NABH is part of the Quality Council of India (QCI) set up by the government of India as an autonomous body to establish and operate accreditation programme for healthcare organizations. The board is structured to cater to much desired needs of the consumers and to set benchmarks for progress of the healthcare industry.

cGreen OT accreditation process establish uniformity in the safety standard in Operation Theatres and minimize the risk of infection in OTs. The certificate recognizes AMRI Hospitals adherence to the highest quality and safety parameters for patients and healthcare workers in the highest infection-prone zone in a hospital, i.e, operation theatres. cGreen OT certification shall help patients identify the hospitals which have achieved a safe and infection free environment inside the OT area. Educated and informed patients can choose the cGreen OT certified hospitals for their surgeries in order to be sure of the supreme level of quality. The Green OT certification project is a first in the world certification and also the first 'Made in India' certification protocol developed by Bureau Veritas & Abbott India Ltd in conjunction with multi hospital stakeholders like clinicians, bio-medical, hospital QA, Green House Gas surveyors, administrators etc. This is the first time a corporate hospital has got this certification in Odisha and unique feature being the hospital has scored 100 out of 100.

Speaking on NABH & cGreen OT accreditation, **Mr. Rupak Barua, Group CEO, AMRI Hospitals, Bhubaneswar** said, "We have grown extensively in the past few years and are now recognized for the quality of our service. The Hospital that started operations two years back has already become well recognized health care destination in Odisha and its neighboring States. We have always focused on Technology and International standards of clinical care combined with the highest levels of Quality." Congratulating the team, he further added, "These accreditations further strengthen our commitment to patient safety and International quality healthcare. Based on globally

accepted practices with world-class 'man & machine', AMRI Hospitals facilities are designed to deliver the highest level of professional expertise and care.”

The NABH & cGreen OT certificates are added features in the hospitals' endeavor to provide quality healthcare and spread awareness on healthy living among the people. The hospital, apart from having some of the most advanced technologies in medical care which are amongst the first in the region, has been working on various healthcare awareness drives that has built a positive impact on the people of Odisha.

Bhubaneswar, the capital City of Odisha is a growing city and has been adjudged by the centre as No.1 smart city potential. Keeping in pace and matching to the stature of the growing City AMRI Hospital is all poised to take the lead in the healthcare scenario of the State, in the years to come.

About AMRI Hospitals Ltd

AMRI Hospitals, a multi-specialty healthcare facility in Eastern India with specialization in Oncology, Neuro Sciences, Cardiac Sciences, Orthopedics, Emergency & Trauma care, Gynecology & Childcare is the largest player in private sector with its existing strength of around 1000 beds. With its state-of-the-art equipment and modern facilities, AMRI is ensuring that people from Eastern India are provided affordable high quality medical care in the region, so that patients need not travel to other parts of the country for medical treatment. Capacity expansion is also underway at AMRI for additional beds in its existing facilities in Kolkata. A 400 bedded state-of-the art super-specialty hospital has recently become operational in Bhubaneswar. AMRI Hospitals will soon be setting up a new 400 bedded facility in West Bengal with an investment of Rs.500 crs. The Group is committed to serve the people of Eastern India and has plans to add another 600-700 beds in the next 3-4 years.
